

## A Tired Dog makes for a Happy Owner!

When your pooch comes home from Doggie Day Care he will often curl up and fall asleep. This is your sign that she is tired from a long day of play and outside walks, and that she is content to be back at home with you.

**Mission accomplished!**

### *Doggie Day Care Program*

# Doggie Day Care at Bayshore Dog and Cat Care

Many people ask about our Day Care program and wonder whether it is worth spending the money, especially when their dog is already a boarding guest. When deciding if Day Care is right for your dog, you might want to consider the following information.

## What is Doggie Day Care?

Doggie Day Care provides an environment for your dog to socialize with other dogs and people, get some exercise while you're away, and avoid the mischief he might otherwise get into at home.

At our facility, we provide an indoor play area plus provide up to 3 walks outside per day.

## Why Doggie Day Care?

People place their dogs in Day Care for many reasons, including:

- Improve socialization skills
- Get much needed daytime exercise
- Prevent boredom and/or destructive behavior while the family is away
- Avoid problems and stress when housecleaners or contractors will be working in the home

## How Do We Get Started?

To get started with our Doggie Day Care program, we ask that you make an appointment to bring your dog in to meet us. We will spend a few minutes assessing your dog's temperament and, if she seems comfortable we will introduce her to our Day Care room and some of our other Day Care guests. Based on this assessment, you and our staff will decide whether Day Care is right for your special pooch.

## What are the Requirements?

To attend our Doggie Day Care program, your dog must:

- Be current on all vaccinations (Rabies, DHLPP, and Bordatella)
- Be spayed or neutered
- Pass the Day Care assessment

## What Does it Cost?

Doggie Day Care is \$20 per day for daily guests and \$15 for those guests who are boarding with us. We also offer Day Care packages to help frequent daily visitors reduce their long-term Day Care costs.

## What is a Day Care Package?

Purchasing a Doggie Day Care package is a great way to save a little money if you expect to be using our Day Care program frequently. You simply purchase Day Care packages in increments of 5 days at a discounted price. We offer the following packages:

- 5 days: \$90 (\$18/day). Save \$10
- 10 days: \$170 (\$17/day). Save \$30
- 15 days: \$240 (\$16/day). Save \$60
- 20 days: \$300 (\$15/day). Save \$100
